Bringing Hope and Healing...

# Formulary 2009-2011

**An Essential Medicines Dosing Guide  
Based on the WHO Model Formulary**

## **BIBLIOGRAPHY & ACKNOWLEDGEMENTS FOR THE 3<sup>rd</sup> EDITION**

The Mercy Ships Formulary Medicines List and Book third edition is built on the experience and advice of the previous editions mentioned below. In addition, I would like to acknowledge the following organisations and individuals for their specific help in this edition.

Again, I thank the World Health Organisation, especially Mr Claude Da Re, Kathleen Susan Hurst and Dr Susanne Hill at the WHO Geneva office, along with the dosage recommendations in the WHO Model Formulary 2008 and the 16th Model Essential Medicines List 2009.

Again, I would like to acknowledge the professional information and discussion of members and moderators of the email list E-DRUG, on essential drugs and its related policies and activities ([www.essentialdrugs.org/edrug](http://www.essentialdrugs.org/edrug)), sponsored by the global health information network AED-SATELLIFE ([www.healthnet.org](http://www.healthnet.org)).

I would also like to acknowledge the help of the International Pharmaceutical Federation [www.fip.org](http://www.fip.org) through the coordination of Mr Xuan Hao Chan, for the review of this edition of the formulary.

I would like to thank the following Mercy Ships volunteers for their direct help in the review of the 2009 formulary list: On the hospital ship M/V Africa Mercy: pharmacist Miriam Reeve, crew physicians Dr Craig Albrecht and Dr Alan Budd, hospital doctor Dr Wolfgang Edele, chief dental officer Dr Dag Tvedt, hospital manager Bill Martin, ICU nurse Julie Westergaard, optometrist Woody Hopper, radiology technician Erwin Stuka, x-ray technician Linda Vicalvi, lab technologist Sarah Loudon, nurse anaesthetist Raymond Broadbent, maxillofacial surgeon & chief medical officer Dr Gary Parker, eye surgeon & senior VP of Health Care Initiatives Dr Glenn Strauss; At the International Operation Centre US medical supplies manager Becky Bynum for advice on procurement, Mila Hightower, Shannon Schott and Jill Paterson for their help in design/printing, Mark Anderson and Jeff Sivers for its availability online at [www.mercyships.org](http://www.mercyships.org).

I would like to thank the following individuals for their professional advice and input into this edition: Mercy Ship Alumni Dr Peggy Shrime (crew physician), Dr Mark Shrime (head and neck surgeon, assistant professor Boston University Medical Center US), Dr Keith Chapman (chief dental officer, now with Trinity Dental Clinic, Liberia), Coby Somsen Raleigh (hospital nurse, adjunct nursing faculty, Kirkwood Community College US), Laurence May (pharmacist), Jean Campbell (hospital manager), Dr Joyce Hong (Paediatric Dept, Hospital Melaka, Malaysia), and Irene Seiffers (IDA foundation).

The dosage recommendations in this edition are also in reference to the British National Formulary 58<sup>th</sup> edition published September 2009 and the American Society of Health System Pharmacists AHFS Drug Information 2008.

## **BIBLIOGRAPHY & ACKNOWLEDGEMENTS 2<sup>nd</sup> EDITION**

The Mercy Ships Formulary Medicines List and Book would not have been possible without the help of individuals and organisations that have provided valuable advice and information.

I would like to acknowledge the help from the World Health Organisation, through Dr Hans Hogerzeil, Dr Richard Laing, Dr Lalit Dwivedi and Mr Claude Da Re at the WHO Geneva office, along with the dosage recommendations in the WHO Model Formulary 2004 and 14th Model Essential Drug List 2005.

I would like to acknowledge the advice and valuable links and contacts proposed by the members and moderators of the email list 'HIF-net at WHO', through the invitation of Dr Neil Pakenham-Walsh and the INASP-Health International Network for the Availability of Scientific Publications team ([www.inasp.info](http://www.inasp.info)).

I would like to acknowledge the professional information and discussion of members and moderators of the email list E-DRUG, on essential drugs and its related policies and activities ([www.essentialdrugs.org/edrug](http://www.essentialdrugs.org/edrug)), sponsored by the global health information network SATELLIFE ([www.healthnet.org](http://www.healthnet.org)).

I would also like to acknowledge the professional help and advice of Kinko's Netherlands in Rotterdam, through the coordination and patient perseverance of Nanny Holtkamp, for the printing work and preparation.

Other references for the dosage recommendations of this edition include:

1. The Micromedex Healthcare Series Online with its wide clinical and drug information database ([www.micromedex.com](http://www.micromedex.com)), whose access was kindly provided to Mercy Ships.
2. The British National Formulary, 50<sup>th</sup> edition published September 2005 ([www.bnf.org](http://www.bnf.org)), along with the assistance of Rachel Ryan, Assistant Editor BNF/WMF of the Royal Pharmaceutical Society of Great Britain.

References for the first edition include:

1. The Drug Formulary 3<sup>rd</sup> edition of the National University Hospital of Malaysia or HUKM ([www.hukm.ukm.my](http://www.hukm.ukm.my)), which provided the format and base for the first edition of this Formulary, along with 6 years of experience in implementation, courtesy of Faridah Yusof and her team at the Pharmacy Department, and resources of its Drug Information Centre.
2. The 2003 edition of Essential Drugs Practical Guidelines from Médecins Sans Frontières or Doctors Without Borders ([www.paris.msf.org](http://www.paris.msf.org)), along with the assistance of Véronique Grouzard from MSF Paris, and the volunteers of MSF Lyon.

## Bibliography & Acknowledgements

I would like to thank the following healthcare colleagues for their offer on a personal basis to proofread specific chapters of this second edition, providing fresh perspective and precious insight from their wide experience:
